

Appointment with the POH-GGZ or POH-Jeugd (mental health practitioner of the general practitioner)

Dear sir or madam,

The doctor has given you this letter about the POH-GGZ (*praktijkondersteuners* GGZ, or mental health practitioner) and the POH-Jeugd (*praktijkondersteuners* Jeugd, youth mental health practitioner). These *praktijkondersteuners* are part of the general practice, but are located in two different locations in Katwijk. With this letter we would like to explain what you can expect from these mental health practitioners.

Children can come to the doctor for different reasons. Sometimes because of physical complaints, but children can also come because of emotional or behavioural difficulties. The doctor examines the child to find the cause of the complaints. Sometimes there is no physical explanation. There may be psychological or social factors at play that can cause or maintain the complaints. In that case, more time is needed to assess the cause and the seriousness of the complaints. To do this well, the general practitioner has appointed *praktijkondersteuners* GGZ and *Jeugd*. These mental health practitioners are employed by all general practitioners within Zorggroep Katwijk. Our mental health practitioners have all been educated and trained in mental health in the general practice. Together with you and your son or daughter she will assess the situation. Through conversations and questionnaire(s) they will assess the complaints and questions you and your child may have, and discuss these with you. Subsequently they will advise you and the doctor about a possible approach. The *praktijkondersteuners* have an extensive overview of the possibilities for support or therapy.

You can choose to come to the first appointment alone, or together with your child. Perhaps your child wants to come alone the first time; this is also possible. Discuss this with each other.

Attached to this letter are three questionnaires: one for the child, and two for both (custodial) parents. **Please fill out these questionnaires and bring them to the first appointment.**

If you have any questions, you can discuss these with your doctor or the doctor's assistant. For more information you can also visit the site of Zorggroep Katwijk: www.zgkatwijk.nl/poh-ggz
